

# PAI Pharma

## Pharmaceuticals

[PAI Pharma](#) is a pharmaceutical company specializing in over the counter and prescription solutions, elixirs, syrups, and semi-solids. To meet the unique needs of retail chains and independent pharmacies, hospitals, long-term care facilities and government agencies, PAI Pharma offers standard bottle packaging and ready-to-dispense unit-dose packaging. PAI Pharma also develops original formulations and new drug delivery systems, and their core strength is in pharmaceutical ingredients, dosage form, and analytical chemistry of generic medicines and wellness products.
